NORTHEAST DELTA DENTAL FEE SURVEY POLICY

Do not list a range of fees when completing the fee survey; **list only one fee**. The fee listed should be your usual fee charged to all your patients. It should **not** be the highest fee you might charge for that particular procedure. If you should charge a Northeast Delta Dental patient a higher fee than filed, due to special circumstances, individual consideration must be requested.

It is not necessary to complete the entire form unless all fees are being changed. You need only fill in those fees that are being updated. For all procedures left blank, Northeast Delta Dental will continue to use your last filed fee as your usual fee for that procedure. **DO NOT** leave any procedures blank unless your last fee on file represents your current fee.

If you no longer perform a procedure for which you have previously filed a fee, and you no longer wish that fee to remain on file, please mark **“DELETE”** on the fee survey for that procedure.

Current Dental Terminology CDT-2011/2012 Compiled and Edited by the American Dental Association's Council on Dental Benefit Programs.

NOTE: The procedures listed are not necessarily covered benefits for all Northeast Delta Dental patients. Please contact our Customer Service department or call Northeast Delta Dental's automated information system, DentalLink, for benefit information. Predetermination is also strongly recommended. Thank you.
