### **TERMINATION OF COVERAGE FOR QUALIFIED INDIVIDUALS (GRACE PERIODS AND CLAIMS PENDING)**

**SUBJECT:** Termination for Non-Payment of Premium

**PURPOSE:** To ensure compliance with the termination of coverage for non-payment of premiums requirements set forth by § 155.430.

**POLICY:** It is Northeast Delta Dental's policy to include grace period consideration of three (3) consecutive months for enrollees receiving advance payments of the premium tax credits and enrollees in similar circumstances under the condition that the enrollee has previously paid at least one full month's premium during the benefit year. The grace period is for enrollees who fail to pay their premium by the due date but before coverage is terminated. Northeast Delta Dental extends this policy to include the payment of all appropriate claims for services rendered to the enrollee during the first month of the grace period with the understanding that claims in the second and third months of the grace period may have a pending status. Those claims with a pending status will be the enrollee's responsibility unless all outstanding premiums are paid by the end of the grace period.

**PROCESS:** When it is determined that an enrollee enters the three (3) month grace period for non-payment of premium, Northeast Delta Dental will:

- 1.) Pay all appropriate claims for services rendered to the enrollee during the first month of the grace period.
  - a. During the second and third months of the grace period, claims will be held in a pending status.
- 2.) Notify HHS and the enrollee of the delinquency of premium.
- 3.) Notify providers of the possibility for denied claims when an enrollee is in the second and third months of the grace period.
- 4.) Continue to collect advance payments of the premium tax credit on behalf of the enrollee from the Department of Treasury.
  - a. Collected advance payments of the premium tax credit paid on behalf of the enrollee for the second and third months of the grace period must be returned; and the enrollee must be terminated if the enrollee exhausts the grace period without paying all outstanding premiums.
  - b. The termination date for an enrollee that has exhausted the grace period without paying all outstanding premiums will be the last day of the first month of the three month grace period in accordance with [§ 155.430\(d\)\(4\)](#).
- 5.) Maintain records of termination in accordance with § 155.430(c).

## **MEDICAL NECESSITY, PRIOR AUTHORIZATION AND PREDETERMINATION OF BENEFITS**

**SUBJECT:** Medical Necessity, Prior Authorization and Predetermination of Benefits

**PURPOSE:** To ensure transparency with enrollees regarding Medical Necessity, Prior Authorization and Predetermination of Benefits.

**POLICY:** It is Northeast Delta Dental's policy to ensure transparency with enrollees regarding Medical Necessity, Prior Authorization and Predetermination of Benefits.

Northeast Delta Dental will determine Medical Necessity of services in accordance with an enrollee's benefit plan. Medical necessity is care that is reasonable, necessary, and appropriate, based on evidence-based clinical standards of care. Some services may be subject to review for medical necessity.

Prior authorization is required for certain procedures including Medically Necessary Orthodontics. This is a review of the dentist's treatment plan before the services can be performed. If an enrollee fails to obtain the proper Prior Authorization, it can result in the denial of services.

Separate from a Prior Authorization, Northeast Delta Dental encourages enrollees to request a Predetermination of Benefits for any procedure that is considered to be other than brief or routine. A Predetermination of Benefits provides an estimate of what Northeast Delta Dental will pay for the services based on information available at the time the Predetermination of Benefits is completed. A Predetermination of Benefits is NOT the same as a Prior Authorization and it is not a guarantee of payment as the benefit information may change between the time the Predetermination of Benefits is completed and the time the service is performed.

### **PROCESS: MEDICAL NECESSITY AND PRIOR AUTHORIZATION**

- The dentist performing services will request a Prior Authorization for certain treatment including orthodontics.
- Northeast Delta Dental will review the request and any provided documentation supporting Medical Necessity.
- Northeast Delta Dental may request additional supporting documentation, x-rays and charting in order to determine Medical Necessity.
- Northeast Delta Dental will send to the subscriber and the dental office an approval or denial of the Prior Authorization based on the determination of Medical Necessity.

### **PROCESS: PREDETERMINATION OF BENEFITS**

- The dentist performing services will request a Predetermination of Benefits for services other than brief or routine to determine the cost of services being paid by both Northeast Delta Dental and by the enrollee.
- Northeast Delta Dental will review the request and any provided documentation.
- Northeast Delta Dental may request additional supporting documentation, x-rays and charting as needed.

## Northeast Delta Dental QHP Transparency Policies

- Northeast Delta Dental will send to the subscriber and the dental office the Predetermination of Benefits based on the information available at the time the Predetermination of Benefits is completed.

## HANDLING OF HEALTH INSURANCE CASEWORK SYSTEM (HICS)

**SUBJECT:** Handling of Health Insurance Casework System (HICS)

**PURPOSE:** To ensure that subscribers receive an expedient resolution to issues related to their enrollment.

**POLICY:** It is Northeast Delta Dental's policy to investigate HICS cases and provide resolution to issues related to enrollment within the appropriate and required time of 72 hours for Level 1 (urgent) cases and 15 calendar days for Level 2 cases.

**PROCESS:** When Northeast Delta Dental receives notification from CMS of a HICS case:

1. The NEDD employee assigned to the case will investigate the case in NEDD's system. If NEDD requires additional information, it will contact the subscriber by phone. If NEDD is unable to reach the subscriber by phone during their investigative process, NEDD will send a written request for information by mail and notate the HICS System.
2. If NEDD can resolve the issue upon first investigation, it will resolve the issue and send a mailed notification of the resolution to the subscriber and update the HICS Casework System. If NEDD cannot resolve the issue upon initial investigation, NEDD will reach out to Encara (NEDD's Third Party Administrator) to assist in the investigation.
3. If Encara can resolve the issue, it will either respond to NEDD with instructions on moving forward; or resolve the issue and notify the subscriber by mail and send NEDD a notification of resolution so that NEDD can update the HICS Casework System.
4. If the issue cannot be resolved by either NEDD or Encara, the case is then sent to XOSC Helpdesk through CMS. If no resolution can be accomplished, the case is then referred to first the caseworker and ultimately, the case manager, if necessary.

## COORDINATION OF BENEFITS (COB)

**SUBJECT:** Coordination of Benefits (COB)

**DESCRIPTION:** Coordination of Benefits (COB) exists when an enrollee is also covered by another plan. Coordination of the benefits is the act of determining which of the plans will pay on the claim first.

**POLICY:** It is Northeast Delta Dental's policy to coordinate benefits in accordance with the guidelines set forth by NAIC and Northeast Delta Dental, in order to maximize the best use of the plan benefits on behalf of the enrollee.

**PROCESS:** When an Enrollee is covered under another health care program, the following rules shall be followed to establish the order of determining liability.

1. When only one plan has a Coordination of Benefits provision, the plan without such provision shall determine its benefits first.
2. The plan covering an Enrollee solely as an employee shall determine its benefits before the plan which covers the Enrollee solely as a Dependent.
3. The plan covering the Enrollee solely as a Dependent of the parent whose birthdate occurs earlier in a calendar year shall determine its benefits before the plan covering the Enrollee solely as a Dependent of the parent whose birthdate occurs later in a calendar year ("Birthday Rule"). A parent's year of birth is not relevant. If both parents have the same birthdate (month and day) the benefits of the plan which covered the parent longer are determined before those of the plan which covered the other parent for a shorter period of time. If the other health care program does not use the Birthday Rule, then that plan's provisions will determine the order of liability.
4. If paragraphs 1 through 4 above do not establish an order of benefit determination, the benefits of the plan which has covered the Enrollee for the longer period of time shall be determined first.
5. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows.
  - a. For a dependent child whose parents are married or are living together.
    1. The plan of the parent whose birthday is earlier in the calendar year is the primary plan.
    2. If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.
  - b. For a dependent child whose parents are divorced, separated or do not live together, whether or not they have ever been married.
    1. If a court decree states that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If

## Northeast Delta Dental QHP Transparency Policies

the parent with responsibility has no health care coverage for the child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This item shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

2. If a court decree states that both parents are responsible for the child's health care expenses or health care coverage, the provisions of paragraph 5. a. shall determine the order of benefits.
  3. If a court decree states that the parents have joint custody without specifying that one parent is responsible for the health care expenses or health care coverage of the child, the provisions paragraph 5. a. shall determine the order of benefits.
  4. If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
    - (i) The plan covering the custodial parent;
    - (ii) The plan covering the custodial parent's spouse;
    - (iii) The plan covering the non-custodial parent; and then
    - (iv) The plan covering the non-custodial parent's spouse.
- c. For a child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined under subparagraph a. or b. of this paragraph as if those individuals were parents of the child.
